Club Social Media

One of the 'background' tasks in conjunction with the website re-development is to increase our social media presence. Social media, if done correctly, can be very powerful, but equally it can be very damaging if got wrong.

MSUK now require the club to have a **'Social Media Policy'** which is being worked on. In the meantime, please check out the club account links which we can use to start building up our social media presence.

It is still the intention that the home of the club has to be the website and all other forms of media are communication mechanisms.

Please note our official web address on page 1, the https://slroc.online address is temporary.

Chat From the Chair

Introduction

Well, that's it, where has the last 3 years gone and how the devil have we got here? However, the work isn't finished yet.

Committee

The first thing I must say is a huge thanks to everyone past and present who has helped on the committee in some way. As I think I said last month, there has been a lot of work from many people, many of us literally 'standing up' 3 years ago to try and do something. As a result, many of us are signing off knowing we've done what we can and it's now time for new people, with new ideas to come along and drive the club to the next stage.

That brings me on to outstanding vacancies, of which there are several;

- Safeguarding
- Comp Sec
- Chair
- Secretary
- Compliance

Without these roles the club cannot continue to run. Please do not expect existing committee members to pick up these roles in addition and keep putting events on, it's too much! If you think you can help, and have any questions please speak to myself or one of the other committee members, prior to the AGM. Sorry if I sound like a broken record.....but..... disappointingly, at the time of writing, we have had no formal nominations / expressions of interest for any of the above.

Thankfully, we do have James Prosser who has joined the committee (last month), and we will determine the most suited role.

AGM

The AGM gives us a chance to have a look in more detail at the last year and set the direction for the forthcoming year. As a reminder, this is scheduled for Sunday 8th March at the village hall (see advert later in Nooze).

Trinity Park

I know many in the club find the events of last year exceptionally disappointing and we have to accept that as a club, we messed up. There has been some fall out and there were several factors and behaviours that contributed to the way in which the events of the evening unfolded. We must take a step back and learn lessons from this. As mum would say, we've learnt the hard way!

That said, I've just pushed the send button on a further update to Trinity Park and live in hope that we will be back there soon.

For the avoidance of doubt, we were categorically told after the events of the fireworks event we, as a club, are not welcome at Trinity Park, years of relationship damaged.

However, we retain hope, I've been keeping Trinity Park updated with the actions we've been taking and my message is this....right now, we are not yet scheduled to be at Trinity Park this year BUT we should remain optimistic and plan that we could be. As such, we need to be ready.

Should we be allowed there at any point, there will be a whole different protocol for attending and this protocol should apply to any site. We are invited, we have no right to be anywhere, its relationships, it's the fact we raise monies for charity, it's the fact we give rides to the public and have become an attraction.

It's a bit like many aspects of work; your next piece of work is based on the last. Do sub-standard work, or don't behave professionally and with respect to others and suddenly the next job becomes harder to get.

2026 Activities

The committee had a mammoth meeting in February and still didn't get everything discussed. That said, we did manage to plan (almost) the remaining activities for 2026.

You will recall we had planned to do this before Christmas, but the unfortunate events from above got in the way.

Whilst events are planned, this does assume people come forward to run and organise them else, without this help, without CoC's and marshals the events cannot safely run. We have tried to put events on for everyone and the calendar does look very busy.

You will note a new event of the Mid Suffolk Show at Stonham Barns. We have been invited to provide rides, as per our usual set-up in addition to the Land Rover Show in October. This is great news and continues to build on the developing relationship with Stonham Barns and the events team.

Closing

How do I close? This is it, over and out. AGM prep continues, handover list, and I suspect IT stuff will have to continue for a bit. Thanks to everyone who's helped in some way, please do come forward and keep the club going, too many people have worked too hard for it not to.

Right, that's it – I have a multitude of things to do.

Over and out,

Jeremy

SATURDAY 7TH FEBRUARY 2026

CLASS 1 WINNER WRITE UP

The Day into Night trial is always one I look forward to. For myself, getting the buggy ready for this trial was fun! Fiddling and wiring up headlights so I would be able to see, luckily this was finished the morning just before the trial.

Nine drivers and seven vehicles were participating in this year's trial, with some new faces pushing themselves into the challenge of this trial.

We set off in daylight, and I am the first to go on the 1st section. The 1st section of the day on all trials seems to test me and for this trial it did again, scoring 8 I was not off to a great start.

As the sections went on there was some steep drops, sharp bends and a couple of deep holes. You knew Tim and Tony had thought on how to provide a challenge. We completed 5 sections in daylight before stopping for a bite to eat.

Moving into the darkness, time to put my new headlights to use. I always find the dark the fun, interesting part of the trial. Completing all 5 sections from the daylight and then finding time for a 6th section was interesting, it definitely made this section more challenging due to completing it in the dark for the 1st time.

All competitors did a great job, well done to all and a special congratulations to Tim on his 1st place in Class 2.

Overall it was a great trial and I would like to thank all who helped set up, the COC and all Marshalls for making these trials possible.

Hearings Panel Article

As you are now probably all aware, there was an incident at Trinity Park Fireworks on the 8th of November 2025. The result of that incident was communication from SAA making a series of allegations. All those allegations were investigated thoroughly which included taking statements on the night and then further statements over the following 10 days. The sanction that SAA imposed on the club as a result of the allegations was that SLROC is not allowed to participate directly, indirectly or through a third party at any event at Trinity Park for the foreseeable future. This obviously has huge ramifications for the club and the charities we support. Whilst acknowledging the explicit sanction, we remain in communication with SAA and the committee is hopeful that a mutual resolution can be found. If and when progress is made, members will be informed.

The specific outcomes in relation to each allegation is confidential. We can reassure members that the allegations were taken very seriously and a series of hearings have taken place with sanctions imposed on those felt to have brought the club into disrepute.

We urge all members at all times to ensure their actions and behaviours could not be construed as being potentially reckless, dangerous, offensive, threatening, capable of bringing the club into disrepute or discourteous to others. Safety of passengers and others is paramount in all we do, so we urge all members to do all they can to ensure that this occurs. If you see something or hear something which you feel transgresses those principles, please speak to Chair/Safety/Events/Safeguarding in the first instance. If you have any questions at an event about standards, protocols, routes, behaviours or actions then please speak to Chair/Safety/Events/Safeguarding in the first instance.

Thank you in anticipation of your full co-operation, and hopefully we can put this unfortunate and regrettable incident behind us.
